

First Aid Policy

Game Nights – Tuesday, Wednesday & Friday nights

The Coach/Manager for every team should have done a basic first aid course and have a first aid kit.

1. Each team team/club is responsible for providing someone who is first aid trained.
2. Coach/Manager are the first point of contact when an injury occurs, they should assist any injured person and asses the injury for severity.
3. If its an emergency the first aid trained person should call an ambulance immediately (call 000). The team manager should then notify the Games Controller at control straightaway.
4. If not an emergency but the injured person requires an ambulance, please notify the Games Controller and an ambulance will be called.
5. For minor injuries ice can be found in the umpires room in the deep freezer. Also in the umpires room is a First Aid kit secured to the wall.

Non – Playing days/nights – Monday, Thursday, Saturday & Sunday

All club/teams are responsible to prove a first aid trained person and a basic first aid kit whilst at the courts on a non-playing night.

1. Clubs have been issued a key to gain access to the old clubhouse building which contains ice and a first aid kit.
2. If in an emergency the club/team training is responsible to seek medical attention or call an ambulance (call 000).
3. We would appreciate the club/team to complete an injury report form (availble on the website).
4. If the injured person require an insurance claim, Cairns Netball needs to be notified immediately via email.

Please email all correspondence to admin@cairnsnetball.net.au
